TRADITIONAL DUTCH

Herb Cheese

A beautiful and diverse range of traditional Dutch herb cheeses. Carefully selected and made from pure ingredients. All these special cheeses are made from fresh milk and the finest herbs and spices. This results in a guaranteed quality and delicious cheeses! Ruscello provides a complete range of 26 different types of flavours which can be divided into three groups:

RUSCELLO LIFE | RUSCELLO CLASSIC | RUSCELLO TRADITIONAL

Ruscello Life is an exclusive cheese made from sweet pepper, chilli and the best Dutch goat and cow's milk. The Ruscello Classic cheeses are all refined with different herbs, nuts and/or spices and based on pasteurized cow's milk. Both the Life and Classic cheeses are made from vegetarian (microbial) rennet. Ruscello Traditional consists of a range of 4 artisan farm cheeses made from raw cow's milk flavoured with pesto and truffle.

- ☒ Traditional Dutch cheese
- ☒ Pure and natural ingredients
- ☒ A blend of the finest herbs and spices
- ☒ Perfect for slicing, serving and sharing

Ruscello

RUSCELLO *Classic*

20 CLASSIC CHEESES, ALL WITH DIFFERENT HERBS,
NUTS AND/OR SPICES BASED ON
PASTEURIZED COW'S MILK.

RUSCELLO CLASSIC

Ruscello Classic is a series of speciality cheeses produced in the North-East of Holland. An area with the typical Dutch meadow landscape, where cows graze on the green grass from April to October. The well-being and health of the animals comes first. The cows are outside a lot; at least 120 days a year, 6 hours per day. They get all the care and the best food they deserve, also in winter. This is why these cows produce high quality milk. The pasteurized cow's milk is used with herbs, nuts and/or spices to make the very best cheeses. The cheese is given the time to mature under optimal conditions. The result: delicious and pure flavours! Ruscello Classic comes into five flavour groups:

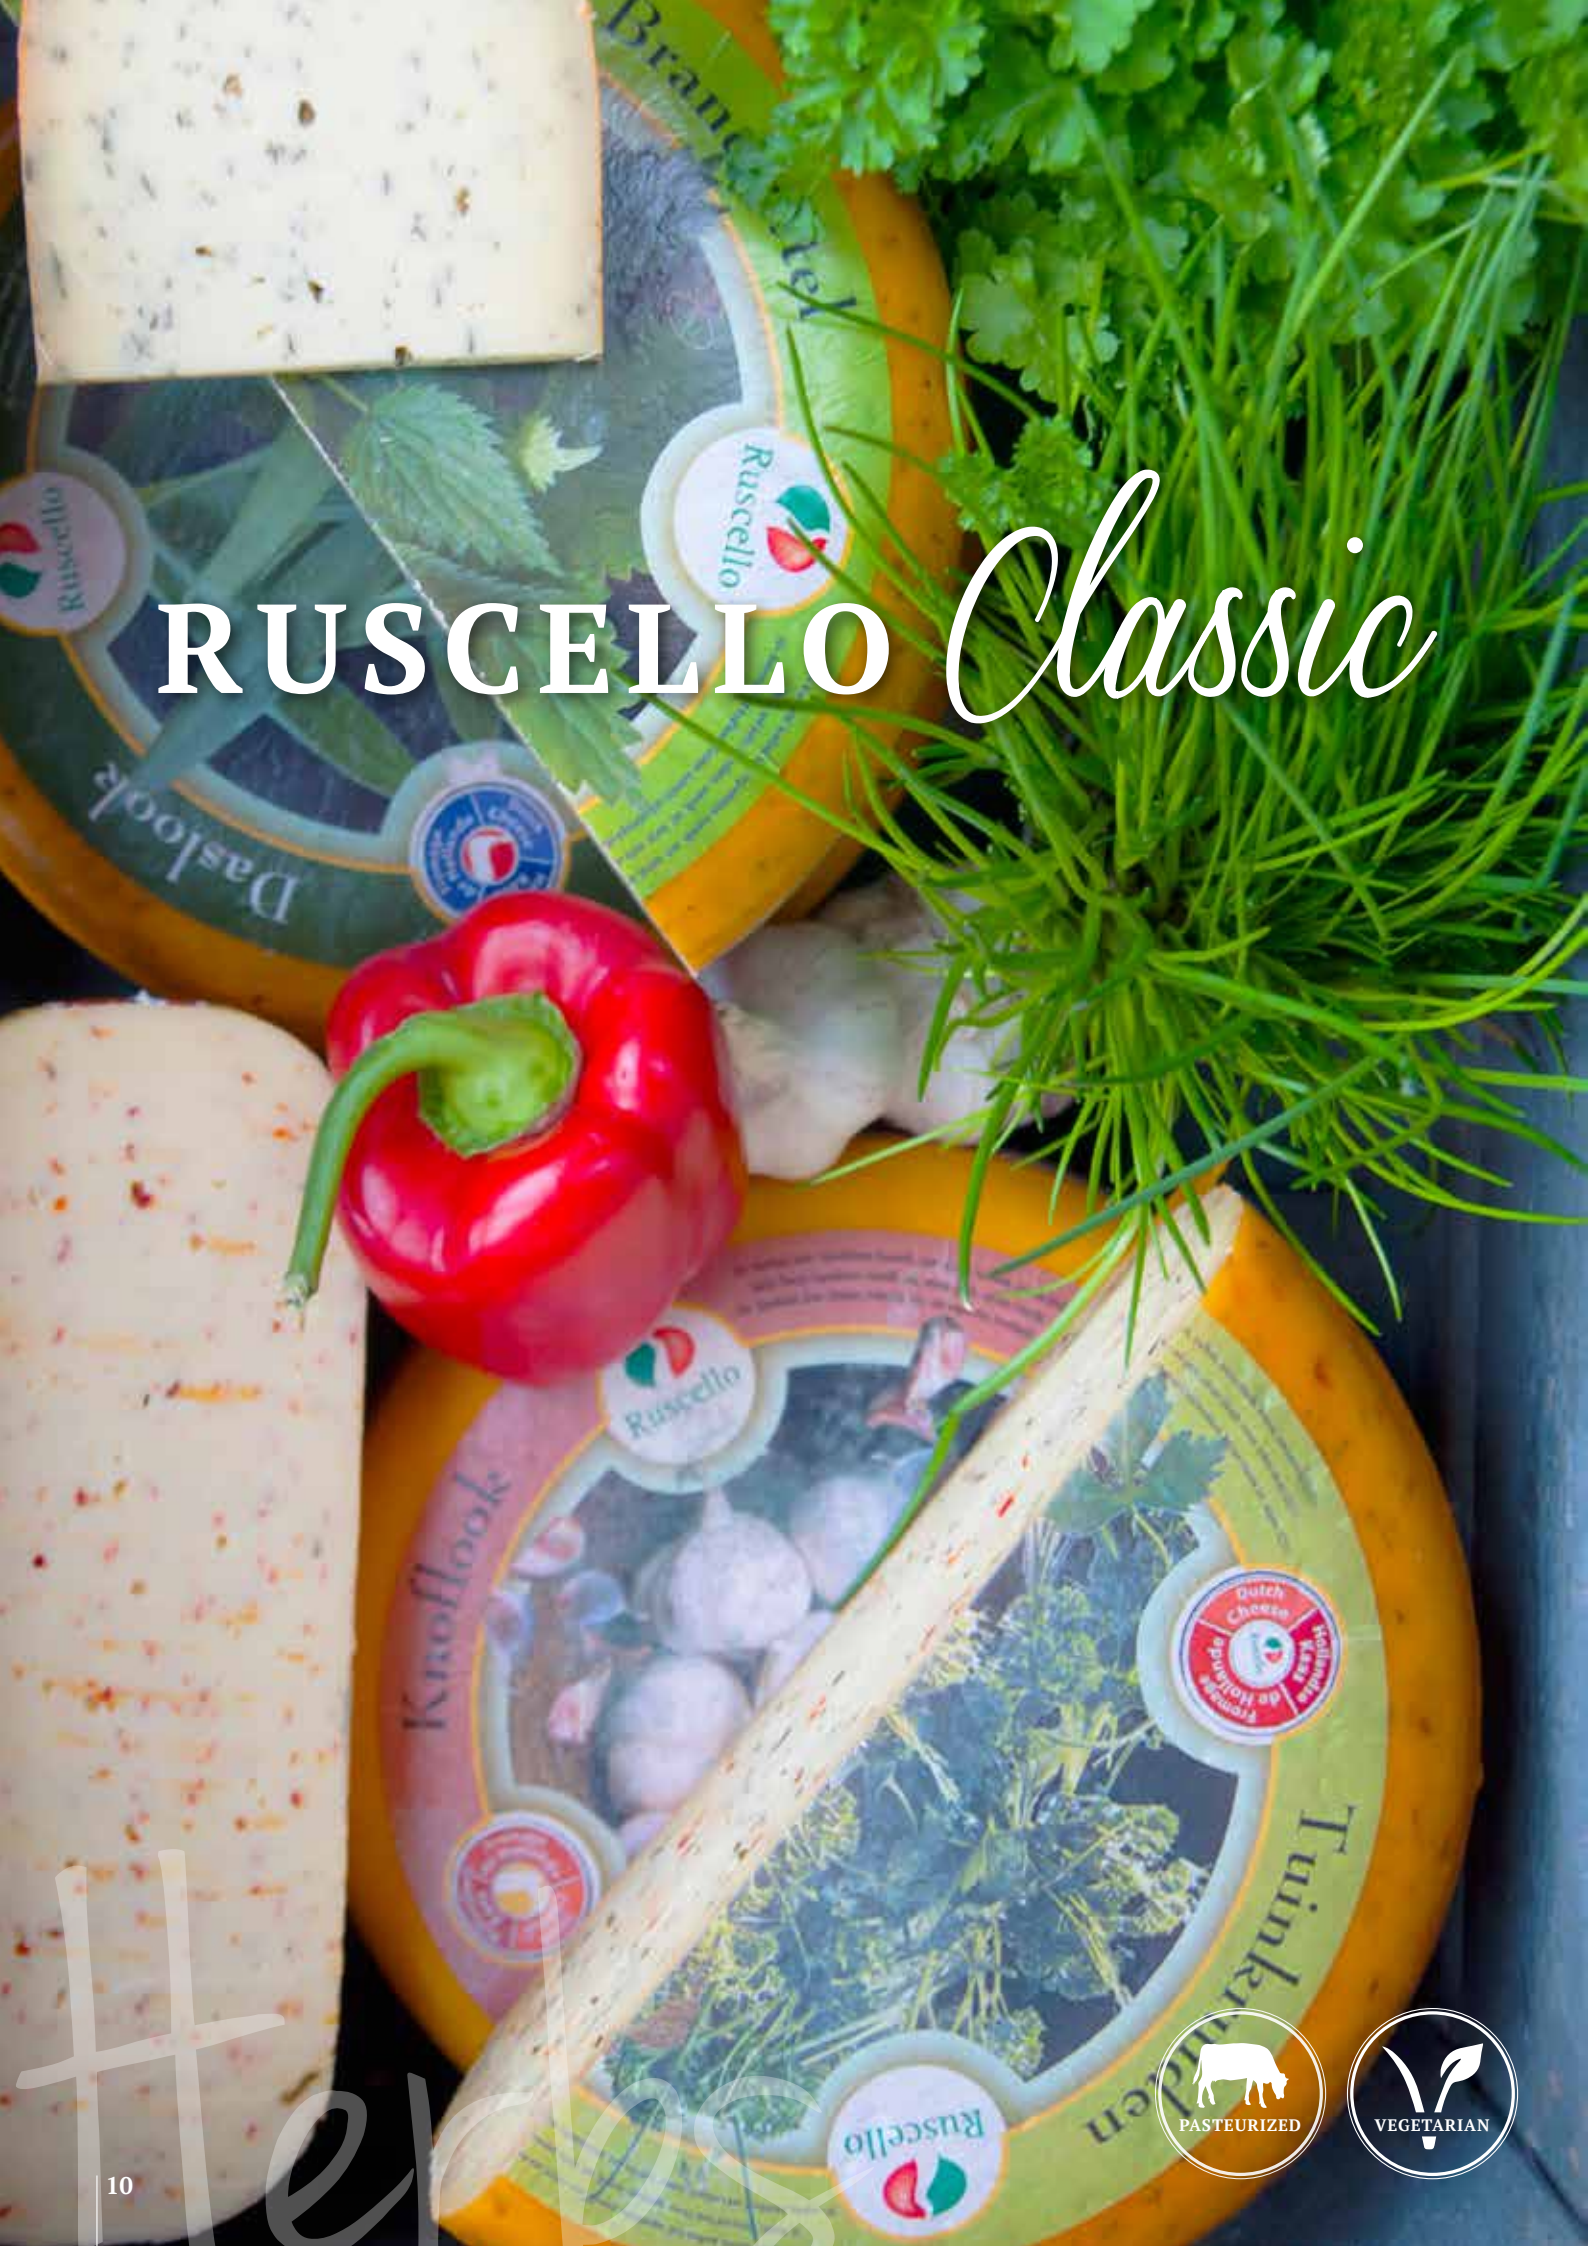

HERBS | NUTS | MEDITERRANEAN | SPICES | BLUE CHEESE

- ✓ Responsible dairy
- ✓ Pasturing guarantee
- ✓ Vegetarian
- ✓ Pasteurized cow's milk

Explore the Ruscello Classic flavour groups on the following pages. ►

A BEAUTIFUL DUTCH BLUE CHEESE BASED ON
ORGANIC COW'S MILK

BLUE CHEESE

BLUE CHEESE

This beautiful Dutch Blue Cheese is made from organic cow's milk. Organic milk products contain a higher percentage of healthy fatty acids (omega-3 and CLA), which are good for heart and blood vessels, and extra healthy! The cows that produce this milk graze in natural green Dutch meadows, where no chemical or synthetic pesticides are used. The Ruscello Blue Cheese is prepared without artificial additives and only contains pure natural ingredients.

RED PESTO | GREEN PESTO | PESTO LAVENDER | TRUFFLE

These farmhouse cheeses come fresh from the farm and are made according to Dutch traditions. The farmer uses raw milk from his own cows which he processes along with delicious herbs using traditional methods. Love for the profession and pure craftsmanship make these cheeses special. The Ruscello's Traditional range cheeses are matured on wooden planks. This gives them the time to develop their unique taste.
